Requirements
Technical Requirements/bugs
My profile/about me
Clear distinction of Personal workspace; workspaces joined and courses enrolled
Move My created workspaces to beside personal workspace
Search the interested topics etc
Different analytics for contributors and students/teachers
Over performance graph ex: FB analytics
Request to be a contributor in WS
Un-enroll or Quit option or Leave
Add RAW MATERIAL tag on Asset/Collection card
Prompts for similar interest courses and workspaces (based on profile and already enrolled courses)
Display tags/description on Workspace card
In-progress and Complete course are ambiguous
Resources Tool tip: add Downloadable useful files....
Save in Gallery is not throwing error when compulsary fields
Remove RAW MATERIAL tag in gallery add folder
review mechanism to check inappropriate audio/video
Make gallery uploading as configurable
Task Vs Event
In workspace Write Note should be Write Blog
Topic map only for admins?
Enroll overlay in workspace doesnt show Join beside check button
Sitemap
SEO
Order of activity, help and coord pages
Different cards for activity, help and coord pages
When a page is opened it doesnt look like a page, Add some side space
while link page show only corresponding help page
Add word cross publish in Action alongwith icon
Make Title name as Unique name in Pages
Display who all are members/admins
Export Epub is removing from home asset collection
Mark OER as reviewed by admin
H5P uploads are not working - Ruchi
Check for more affordances and see performance
RunTime Attribute error
Logout and login again is giving successfulyy logged out
Liked the activity player opening effect in CMS/edit mode
Hide lesson?
Context based help overlay
Metadata for asset-content
